In class:

We practiced without using our books!

We went over how to ask and answer each other's names:

你叫什麼名字? (What is your name?)

我叫_____。 (My name is_____)

Then, we started to ask about names of family members such as mother, and sister. We also learned names of our pets and dolls.

你的 (family member/pet/doll) **叫什麼名字?** (What is your family member/pet/doll's name?)

我的 (family member/pet/doll) **叫_____。** (My family member/pet/doll's name is_____.)

We practiced Jia with more emphasis on choreography. Our goal is to "*synchronize*", or to move at the same time and speed.

Homework:

Practice with family members over the holidays how to ask and answer each other's names.

Enjoy fun night next Sunday after class!

Have a wonderful and safe holiday!
